

Project Proposal:

To develop a chapter of HerHub Global in Mongolia known as Mongolia Hub. The Mongolia Hub will be offering two components to its community:

1. Directory: To develop directories, mapping networks, and databases for connections.

2. HerAcademy™: Partnering with HerHub Global, we will offer resources, personal and professional development programs, and mentorship to help build skills and training that elevate the status of women globally with a focus on economic empowerment.

***Mongolia Hub Branding/Logo concept*

Mongolia Hub Program & Services

The Directory will provide comprehensive information to support social services agencies in three frameworks basic human needs, foundation well-being, and opportunity. We will partner with local leaders in every sector —government, business, and civil society—to provide information and equip them with the right information to meet the needs of Mongolia’s communities. In addition, the Directory will also list all women-owned agencies and women-led businesses or companies to provide visibility and opportunities for collaboration and connection.

Example: <https://419herhub.org/directory/>

HerAcademy offers meaningful, women-focused educational programs, online resources, and webinars as well as mentoring and peer-network support services that are proven to have a high impact on positive social progress and elevate women’s economic empowerment. Currently, any women leaders and businesses can participate in the **Global Leader Roundtable via Zoom every 2nd Tuesday of the month at 8:30 am EST** partnering with local nonprofit organizations in the United States of America.

Mongolia Hub Managing Partner:

Bolortuya Baatar joined the HerHub Global Managing Partner team during her fellowship in the United States of America in 2023 from Mongolia. The program is hosted by the National Committee on U.S.-China Relations, Professional Fellows Program, which is a large-scale program funded by the U.S. State Department to strengthen emerging leaders and capacity in the nonprofit/NGO sector in various parts of the world. Since childhood, Bolor Baatar has passionately worked to help other vulnerable, orphaned children and teenagers find a better station in life through quality education and employment. In 2017, Bolortuya helped establish the Good Partners Credit Union to provide financial support to vulnerable groups, especially orphans. She hopes to support more teenagers and young adults living in orphanage centers by organizing training courses on financial independence and expanding employment opportunities, among others.
